

JOHN 4 – Gematria Study

INTRODUCTION

Readers who want to learn more about the numerical values for Greek and Hebrew letters are invited to visit our pages on the site: [Hebrew](#) and [Gematria](#). The Greek letters in this study are taken from the KJV source of the text in the original languages. The meaning of Bible Numbers is based on our own conclusions. See the [Introduction](#) on our site for more information. Blessings. servant mark.

When a number is in square brackets it is the ordinal of the prime. E.g. 2,897 [419] means 2,897 is the 419th prime. Numbers in yellow are the sum of the Gematria of the Greek words in the verse. The Bible and New Testament verse counts exclude the last 12 verses in Mark 16 (which are rightly disputed).

FACEBOOK POST (October 13, 2017)

John 4. The Woman at the Well.

Drawn to it for months. Reading it every night. Can't take my eyes off it.

The woman is Samaritan.

Samaria was the capital of the Northern Kingdom of Israel (after the rebellion to the Southern Kingdom).

Ephraim was the lead tribe of the Northern Kingdom. In [prophecy the tribe of Ephraim is a type of the United States](#).

The rebellion of the Northern tribes was fulfilled when the US declared independence from Great Britain, which at the time was the dominant empire in the world.

In prophetic typology Jerusalem is always the capital city of the nation in Europe (or Judeo-Christian bloc wherever that is) which has the most power.

Great Britain was a type of Judah (Southern Kingdom) at the point in time when she was the dominant power in Europe (even the world).

When [Great Britain was not dominant, her usual prophetic tribe is Manasseh](#).

Lately Great Britain has left her Judeo-Christian heritage to such an extent, she currently bears the mantle of Tyre. (my opinion).

But we digress.

Therefore the Samaritan woman is a prophetic type of America, but of America in a weak condition, after her prime, in the time when she was beset by internal strife, self-doubts, and moral depravity (5 husbands?)

Starting to sound familiar? Like today.

I would encourage the readers to study John 4.

John 4 says Jesus was "passing through" Samaria on his way from Judea to Galilee.

This is a not so subtle reference to the first passover in Egypt.

When the LORD passed through Egypt all the first born sons died.

Of course, Joseph is the one who convinced his father and brothers to settle in Egypt.

Joseph was the father of Manasseh (first born son) and Ephraim.

So, Egypt is a prophetic type of Western civilization at it's worst: oppressing workers, killing babies, seducing Christians to adopt temple religion, etc. etc.

But for the last 70 years America has been the dominant world power.

That comes to an abrupt end in 2018 as we have told you many times.

Jesus departs from Judea. Figuratively, America may have military forces but America is no longer the leader of Western civilization. (Plans are afoot for huge demonstrations in London if the US president ever attempts a visit).

Jesus "passes through" Samaria.

All the precious Christian heritage, the esteemed Word of God, is now of no consequence in public discourse. The words of Jesus are indigestible in popular American culture: like pearls that pass straight through the pig [voracious consumer].

As Jesus "passes through" America is beset by catastrophes, akin to the plagues of Egypt.

Multiple monster hurricanes.

Wild fires of historic proportions.

Mass shooting in Las Vegas.

A president, like Pharoah, all hard heart.

Where does it end? Jesus is heading to Galilee.

If we follow the path of the catastrophes in the United States, we start in the East (hurricanes), we reach the middle (massacre in Las Vegas), and finally the West (wild fires in California).

Is Galilee Canada? We've had terrible forest fires this year. Mexico. A terrible earthquake this year.

In John 4 Jesus ends up in Cana, of Galilee, and heals the son of a royal official. This was the second miracle Jesus performed in Cana.

The universal word for 'two' is "DA" in many languages. (or 'dos' or 'duo'..)

CANA - DA ?

Prophetically, both Canada and Mexico are on the other side of the Jordan river.

Canada is associated with the colonies of Great Britain: the lands of Manasseh but East of the Jordan.

Mexico is associated with the colonies of the Catholic European powers: the land of Gad, which are directly South of the lands of Manasseh East of the Jordan.

And Canada is geographically North of Mexico. As one would expect the prophetic fulfillment to be.

But Galilee is West of the Jordan river. So, I don't think in John 4 Jesus ends up in either Canada or Mexico.

Unless, they have changed their prophetic identity.

Mexico is still a Catholic nation. But Canada has thrown her Christian heritage over-board, so maybe it is Cana-Da after all.

Which is terrible news for us.

This is what I'm meditating on.

But there is so much more in John 4. It is a Word from God for our time.

Jesus says "**A time has come when the Father is seeking worshipers in spirit & truth**".

Living the Christian life is no longer about what mountain you worship on: Jerusalem or Samaria.

The Christian identity is not tied to your love of America (or Britain): either the past glorious America (or Britain), or the current psychotic America (or Britain).

America (or Britain) has nothing to do with your Christian life.

Knowing the Father in Heaven, through Jesus Christ is what will get you through.

In this terrible time of transition for America, only the genuine Christians will have an anchor of faith.

All who have tied their faith to popes, pastors, church buildings, institutions, factions, denominations, will have their faith shaken.

All who have put their trust in Jesus have a chance of keeping their faith.

Because the time of the testing of our faith is here.

Blessings dear ones.
